Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA-2017-1060; Airspace Docket No. 17-AEA-19]

Amendment of Class E Airspace; Kane, PA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule; technical amendment

SUMMARY: This action amends the legal description of the Class E airspace extending upward from 700 feet above the surface at Kane Community Hospital Heliport, Kane, PA, by correcting the geographic coordinates of the heliport and point in space coordinates. This action does not affect the boundaries or operating requirements of the airspace.

DATES: Effective 0901 UTC, March 29, 2018. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

SUPPLEMENTARY INFORMATION:

Authority for this Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106, describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it makes a clerical correction to the geographic coordinates of Kane Community Hospital Heliport, Kane, PA.

History

The FAA Aeronautical Information Services branch found the Class E airspace extending upward from 700 feet above the surface at Kane Community Hospital Heliport, Kane, PA, along with the related point in space coordinates, were incorrect as published in FAA Order 7400.11B, Airspace Designations and Reporting Points. The latitude degree for the heliport and the longitude degree for the point in space coordinates were incorrect in the Order.

A clerical amendment in the legal description also is made to the airspace designation, removing the name of the town listed before the airport name description.

Class E airspace designations are published in paragraph 6005 of FAA Order 7400.11B dated August 3, 2017, and effective September 15, 2017, which is incorporated by reference in 14 CFR part 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11B, Airspace Designations and Reporting Points, dated August 3, 2017, and effective September 15, 2017. FAA Order 7400.11B is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11B lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 by correcting the geographic coordinates of the heliport reference point and point in space coordinates of Kane Community Hospital Heliport in Class E airspace extending upward from 700 feet above the surface to be in concert with the FAA's aeronautical database.

This is an administrative change and does not affect the boundaries, or operating requirements of the airspace, therefore, notice and public procedure under 5 U.S.C. 553(b) are unnecessary.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion

under the National Environmental Policy Act in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures,” paragraph 5-6.5.a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.
